

To Whom it May Concern:

As we move forward during this trying time, I would like to challenge you to support the great programs that students and families in our district need to continue to achieve success. Building confidence through a positive connection is a program focus at Godfrey-Lee Middle School and we support the work that Affinity Mentoring can bring. Our district's vision and mission statements align with Affinity's and together we can provide equitable systems that promote voice and efficacy.

Education is the key to self reliance and discovery, and the staff at Lee Middle School believe that each student deserves an education that is challenging, supportive and sensitive to the individual needs of each student. Supporting Affinity Mentoring allows Lee Middle School to provide a research based program that will create relationships and enhance the outcomes for a student population that is Hispanic, low income and 90% of students receive free or reduced lunches.

Please support the work that Affinity Mentoring can provide. Together we can support a community of people who see the value of each individual and we will develop systems that are equitable and meaningful to all.

Sincerely,

Jim Jensen
